Hand made rugs often take up to two or more years to complete. These are 100% hand made with no two rugs exactly alike reflecting the rug maker's individual preferences and craftsmanship.

The JAIPUR Vegi rugs are hand made in the Rajasthan Province of India. The city of Jaipur is a major rug-producing region in India. The designs are taken from antique Persian rugs of the 18th century, which are normally hard to find, especially in room sizes. Jaipur rugs are highly regarded worldwide. They are capable

of handling heavy traffic . The high quality hand spun wool and vegetable dye, give them a decorative look. They can play major role in any decoration project.
